

Family Activity

Next, you will do a family activity.

Activity Name | Family Catch

Materials Needed:

- A Ball, stuffed animal, or anything you can play “catch” with.

Instructions:

Play catch like normal, but every time you throw the ball you share a right, and the person catching it has to share a responsibility that goes with that right.

Here are some examples:

RIGHT	RESPONSIBILITY
Play with friends	Get homework done first; be nice to friends...
Privacy	Respect other people’s privacy
Cell phone	Use the cell phone appropriately
Play Video games	Get chores done first; take care of yourself
Share your opinions	Talk respectfully, and listen to others

Open-Ended Question(s)

Take a few minutes to discuss the following questions...

1. Why do you think it’s important to know the responsibilities that go along with our rights?
2. What responsibilities do you think go with things like free speech or the right to vote?
3. How do you think we can balance our rights with our responsibilities?
