

## Family Activity

Next, you will do a family activity. Because it's congress's job to represent you, you will do a short activity to find out more about the men and women that represent you in the national government.

### **Activity Name | Find Your Congressional Delegation**

#### **Materials Needed:**

- This website: <https://www.congress.gov/members/find-your-member>
- Your home address

#### **Instructions:**

Select the link and follow the instructions to find your congressman or congresswoman. If you want, write them a letter about something you think is important, or say "thank you."

Being a congressman, congresswoman, or senator is a tough job and people are often mad at you. Sometimes hearing "thanks" is nice.

## Open-Ended Question(s)

- Why do you think the Constitution makes Congress the most powerful branch of government?
- Today, we focus more on the President than Congress. Why do you think we do that?
