

Troubleshooting Assignment

Choose one ABA strategy that you're currently using with your child and go through the troubleshooting steps outlined in this lesson. Write your responses below.

Step 1: Check Your Expectations

Are your expectations of the interventions realistic?

- ☐ Have I given it enough time?
- ☐ Have I looked for small progress?
- ☐ Have I considered other factors?

Step 3: Make a Small Adjustment

What changes could you make to the strategy?

- 1
- 2
- 3

Choose 1 to implement:

Step 2: Define the Problem

Identify 3 factors that might be impacting the effectiveness of the intervention.

- 1
- 2
- 3

Step 4: Observe and Assess

How did your child respond?

- ☐ Improved
- ☐ Stayed the same
- ☐ Got worse

Step 5: Know When to Seek Help

Do you feel confident in continuing to adjust this strategy on your own?

- ☐ Yes - Keep adjusting
- ☐ No - Contact the BCBA®
